§ 1 Qualification Profile

(1) Graduates of the Master's degree program General Management Austria/France are well prepared for a career in a dynamic, global environment. The program focuses on competence development for future managers with a focus on entrepreneurial, interdisciplinary and critical-analytical thinking and applied practice. Students earn two internationally recognized academic degrees and complete two semesters each at Johannes Kepler University Linz (JKU) and Y Schools in Troyes.

(2) In the Master's degree program in General Management Austria/France, students acquire the following subject-specific knowledge, skills and competencies:

- **Specialized Expertise:** To develop highly specialized business management knowledge built on management concepts and economic context on the undergraduate level and in the respective cultural and intercultural context.
- **Critical Analysis and Reflection:** To ensure the development of critical analysis and reflection skills on complex issues from different theoretical perspectives and corresponding business management qualifications with a national and international aspect.
- **Applied Learning:** Apply advanced theoretical knowledge and analytical skills to solve complex problems in real-world settings through a mandatory internship. The companies' social roles and responsibilities in particular should also be understood.
- **Intercultural and Social Skills:** Demonstrate the ability to adapt to diverse international and intercultural environments, effectively enhancing social and language skills through studying and collaborating in Austria and France.
- **Specialization:** Students of the Master's degree program have the opportunity to specialize in various core areas of management, allowing them to position themselves according to their individual needs and the demands of the job market.

The successful completion of the Master's degree program General Management Austria/France entitles graduates to pursue a relevant doctorate/PhD program.

§ 2 Admissions

(1) The Master's degree program General Management Austria/France is assigned to the group of Studies in Social and Economic Sciences according to § 54 para. 1 of the Austrian Universities Act (UG). The program is held in English. Some courses can be taken in French language.

(2) Admission to the Master's degree program General Management Austria/France requires admission to Y Schools and JKU Linz.

(3) The Master's degree program General Management Austria/France is based on the Bachelor's degree programs in Business Administration (UK 033/515), International Business Administration (UK 033/514) or Business and Economics (UK 033/572) offered at Johannes Kepler University Linz. These studies as well as the Diploma Degree Program in Business and Economics in any case qualify as subject-related studies for admission to the Master's degree program General Management Austria/France and entitle to admission without further requirements.

(4) In addition thereto, graduates of subject-related Bachelor's degree programs or other studies of at least the same level of higher education at a recognized national or international post-secondary educational institution are entitled to admission without further requirements, provided that in the course of those programs or studies, exams in Business Administration of at least 30 ECTS credits have successfully been completed.

(5) In order to compensate for substantial subject-based discrepancies, supplementary examinations may be required, which have to be completed by the end of the second semester of the Master's degree program.

(6) Applicants, who have not graduated from a recognized post-secondary educational institution of an EU- or EEA-State, Switzerland, or the United Kingdom, must in addition to evidence of their completion of a subject-related degree program submit a valid Graduate Management Admission Test (GMAT) result (score of 600 or above, and not dating back more than two years). In relation to all other applicants, the standards required for admission to the Master's degree program General Management Austria/France are deemed to be met.

(7) Admission also requires proof of French language skills at the B1 level according to the Common European Framework of Reference for Languages; if French is the native language or the language of instruction at school or if a course of study was completed in French, this requirement is deemed to be met.

(8) Due to the joint implementation of the study program with Y Schools, the study places are limited, so a special admission procedure is implemented. This admission procedure is based on an agreement between the universities involved and usually requires an application with application/motivation letter, CV and certificates, and an interview.

§ 3 Structure and Outline

(1) The Master's degree program General Management Austria/France is four semesters and students are required to earn 120 ECTS credits. Students spend the first year of their studies at their home university and the second year at the partner university. The ECTS credits must include the following subjects/modules and study achievements:

(2) For students who study the first year at JKU Linz and the second year at Y Schools
